ALPHA CORPORATION ON WINNING TEAM FOR ARLINGTON COUNTY MULTIMODAL TRANSPORTATION CONTRACT

DULLES, VA, July 17, 2014: Alpha Corporation, a professional engineering/construction management firm, is on the winning Vanasse Hangen Brustlin, Inc. (VHB) team for an on-call contract to provide multimodal transportation planning, engineering, and project management services for Arlington County, Virginia. There were multiple contracts awarded to cover a variety of specialization areas to assist the County in effectively delivering their transportation capital projects. The VHB team was selected for the specialization area that will focus on transit engineering, operations, and facilities planning. Alpha Corporation's role on this contract for VHB will include structural engineering. This one-year base contract has four additional one-year options for its performance period.

Alpha Corporation, a full-service woman-owned firm, provides civil/structural engineering, program/ construction management, project controls, and technology services for various building types and heavy infrastructure projects. Assignments have encompassed providing these services for a broad spectrum of clients, including all levels of government agencies, public and private enterprises/partnerships, Fortune 500/Global 1000 companies, institutions of learning, commercial developers, energy companies, contractors, architects, and more. Overall, the firm's project portfolio exceeds \$50B in program constructed value for the past 35 years. Alpha Corporation's vision is to be recognized by clients for responsive, innovative and quality services in the building and infrastructure sectors, and to be the employer of choice for professionals seeking stimulating and rewarding careers. Alpha Corporation's mission is to provide innovative and sustainable solutions for the lifecycle of building and infrastructure projects through the integration of best-practice engineering, program/construction management, project controls, and technology.
