## **ALPHA CORPORATION WINS LOUDOUN COUNTY CONSTRUCTION SUPPORT SERVICES CONTRACT**

**DULLES, VA, September 4, 2014:** Alpha Corporation, a professional engineering/construction management firm, has been selected by Loudoun County for an on-call contract to provide construction support services for various projects contained in the County's Capital Improvement Program (CIP) for both horizontal and vertical construction. Alpha Corporation will provide construction management and engineering services to support the delivery of various construction projects (new, improvement, expansion, maintenance, renovation, and more) for facilities (public safety, health and welfare, parks and recreation, others), utility infrastructure, and transportation (roads, bridges). The contract performance period is for one base year with four additional one-year options.

Alpha Corporation, a full-service woman-owned firm, provides civil/structural engineering, program/ construction management, project controls, and technology services for various building types and heavy infrastructure projects. Assignments have encompassed providing these services for a broad spectrum of clients, including all levels of government agencies, public and private enterprises/partnerships, Fortune 500/Global 1000 companies, institutions of learning, commercial developers, energy companies, contractors, architects, and more. Overall, the firm's project portfolio exceeds \$50B in program constructed value for the past 35 years. Alpha Corporation's vision is to be recognized by clients for responsive, innovative and quality services in the building and infrastructure sectors, and to be the employer of choice for professionals seeking stimulating and rewarding careers. Alpha Corporation's mission is to provide innovative and sustainable solutions for the lifecycle of building and infrastructure projects through the integration of best-practice engineering, program/construction management, project controls, and technology.
