## ALPHA CORPORATION PART OF WINNING TEAM FOR NAVFAC WASHINGTON CONTRACT

**DULLES, VA, January 23, 2014:** Alpha Corporation is on the winning Summer Consultants, Inc. team for the IDIQ contract for miscellaneous mechanical, electrical and plumbing design services with NAVFAC Washington. Work under this contract will be performed at various locations throughout the District, Virginia, and Maryland, and will include designs and studies predominantly for facility repair and renovation type projects. They may also include hospital-related facilities as well as new facility and structure addition projects. Alpha Corporation's role on this contract will include civil engineering, surveying, and landscape design. This five-year contract has an estimated value of \$30 million.

Alpha Corporation, a full-service woman-owned firm, provides civil/structural engineering, program/construction management, project controls, and technology services for various building types and heavy infrastructure projects. Assignments have encompassed providing these services for a broad spectrum of clients, including all levels of government agencies, public and private enterprises/partnerships, Fortune 500/Global 1000 companies, institutions of learning, commercial developers, energy companies, contractors, architects, and more. Overall, the firm's project portfolio exceeds \$50B in program constructed value for the past 35 years. Alpha Corporation's vision is to be recognized by clients for responsive, innovative and quality services in the building and infrastructure sectors, and to be the employer of choice for professionals seeking stimulating and rewarding careers. Alpha Corporation's mission is to provide innovative and sustainable solutions for the lifecycle of building and infrastructure projects through the integration of best-practice engineering, program/construction management, project controls, and technology.
