ALPHA CORPORATION WINS PRINCE WILLIAM COUNTY PUBLIC SCHOOLS CONTRACT

DULLES, VA, July 24, 2014: Alpha Corporation, a professional engineering/construction management firm, has been selected by Prince William County Public Schools for an on-call contract to provide structural engineering services. Services under this contract will enable Prince William County Public Schools to provide new school facilities and renovations to existing facilities. The work under this contract may include condition assessments of existing facilities; feasibility studies for new and renovation projects; design services for alterations and renovation projects; and preparation of reports, preliminary documents, working drawings, specifications, and construction estimates. This one-year base contract has four additional one-year options for its performance period.

Alpha Corporation, a full-service woman-owned firm, provides civil/structural engineering, program/ construction management, project controls, and technology services for various building types and heavy infrastructure projects. Assignments have encompassed providing these services for a broad spectrum of clients, including all levels of government agencies, public and private enterprises/partnerships, Fortune 500/Global 1000 companies, institutions of learning, commercial developers, energy companies, contractors, architects, and more. Overall, the firm's project portfolio exceeds \$50B in program constructed value for the past 35 years. Alpha Corporation's vision is to be recognized by clients for responsive, innovative and quality services in the building and infrastructure sectors, and to be the employer of choice for professionals seeking stimulating and rewarding careers. Alpha Corporation's mission is to provide innovative and sustainable solutions for the lifecycle of building and infrastructure projects through the integration of best-practice engineering, program/construction management, project controls, and technology.
