ALPHA CORPORATION SELECTED AS CONSTRUCTION MANAGER FOR MCMILLAN SAND FILTRATION SITE REDEVELOPMENT

DULLES, VA, February 19, 2015: Alpha Corporation, a professional engineering/construction management firm, has been selected by Vision McMillan Partners (VMP), a partnership of EYA, Jair Lynch Development Partners, and Trammell Crow Company, to provide construction and development management services for the redevelopment of the 25-acre McMillian Sand Filtration Site located on North Capitol Street NW in Washington, DC. This project will create a large public park encompassing a community center with water recreation features, neighborhood-serving retail, housing for all income levels, and state-of-the-art healthcare facilities. It will also create thousands of permanent jobs for District residents. See more at: <http://envisionmcmillan.com/>.

For this signature development within the acreage of the historic Olmsted Walk, Alpha Corporation will be responsible for ensuring that any and all work associated with the land development effort including site demolition, multi-million-dollar installation of site-wide infrastructure, creation of individual developer pad sites, preservation of historic structures, creation of public parks and facilities is completed on schedule, within budget and of superior quality. The land development includes, but is not limited to design, demolition, earthwork, utilities, roads, finished pads, service courts, revitalization of Olmsted Walk, horizontal park improvements, transportation improvements, landscaping, etc.
